Dark horse ros wine is refreshing and bright blush wine with a convenient screw cap for easy opening and secure storage. The california pink wine features fruity flavors of strawberry raspberry and melon along with tart cherry to produce a playful fun taste. Perfect for drinking on summer days or blending into froze this blush wine offers a crisp finish that pairs well with chips and dip or a smoky burger. The fruit-forward provence-style rose comes with an easy to open screw cap so no wine opener is needed. Refrigerate this dark horse wine to serve it chilled for wine that defies expectations.
